

4 WAYS TO PAY YOUR BILL

- 1. Auto-Pay:**
Have your payment automatically deducted from your bank account and never miss a payment again. Call our office at **480-837-9444** or go to our website to download the form.
- 2. Online Bill Payment:**
You can securely pay your bill online with a credit/debit card or an E-Check at www.az-fhsd.gov. There is a \$1.00 third-party charge for this service.
- 3. Mail Payment:**
To ensure your payment is correctly applied to your account, please include the top portion of your billing statement. Make check payable to **Fountain Hills Sanitary District** or **FHSD** and mail to **16941 E. Pepperwood Circle, Fountain Hills, AZ 85268**.
- 4. Pay in Person:**
Deliver your payment to our Billing Department located at 16941 E. Pepperwood Circle Fountain Hills, Monday – Friday 8:00 AM -5:00 PM. After hours, deposit your payment in the drop box located out front.

LATE FEE:

The Sanitary District gives residents a generous amount of time to pay their sewer user fee before a \$25.00 late fee is applied. To maintain a good payment history and avoid the late fee, please pay your bill by the due date listed on the front of this bill.

Payments not received in full by the due date may result in additional interest or lien fees.

Please contact our billing department at **480-837-9444** or fhsd@az-fhsd.gov to ensure your account information is up to date.

**Suspended
Until
6/30/2021**

Fountain Hills Sanitary District Is Hiring

We are currently looking to fill the following positions:

- Project Manager/Civil Engineer
- Treatment Plant Operator
- Collection System Operator
- Maintenance Mechanic
- Maintenance Technician

The Sanitary District offers competitive wages and benefits, including health plans, retirement saving plans, AZ State Retirement System, paid holidays, and personal time off.

Please visit our website at www.az-fhsd.gov/employment to apply.

Fountain Hills Sanitary District is an Equal Opportunity Employer (EOE). Qualified applicants are considered for employment without regard to age, race, religion, gender, national origin, sexual orientation, disability, or veteran status.

Automatic Payment Reminder

If your automatic payment bank information has changed, please contact our billing department at **480-837-9444** or fhsd@az-fhsd.gov to update your account with the new bank information. Ensuring that we have the accurate bank information for your account(s) will help to avoid a Non-Sufficient Fee of \$30.00.

If you are not enrolled in automatic payment and would like to be, please go to our website at www.az-fhsd.gov/Auto to fill out the form. Return the form to us with a voided check, and we will notify you when your account(s) is set up.

FHSD bills sewer user fees quarterly in January, April, July, and October; it's one of those bills that can easily be missed. Enrolling your account(s) in Automatic Payment will ensure on-time payments with no extra costs.

National Prescription Drug Take Back Day

Dispose of unused or unwanted prescription pills on **Saturday, April 24, 2021**, at the Town Hall parking lot between the hours of **10:00 AM-2:00 PM**. Please, no liquids, creams, or needles.

If you miss this event, the Maricopa County Sheriff's Office (MCSO) has a drop box located in the lobby of Town Hall to dispose of unused or unwanted prescription pills. The drop box is accessible during regular business hours. Properly disposing of unwanted prescription pills prevents misuse and helps protect the environment.

ROACHES

As summer brings hotter temperatures and dryer conditions, the Sanitary District would like to remind our residents about roaches.

Contrary to popular belief, roaches do not like to swim up sewer drains. The water in your drain trap can evaporate in a month, allowing roaches to climb up the dry drain. Once in a home, they head straight to a water source. Drains should be covered when not in use. Run water in unused drains at least once a month. Keeping the drain trap filled with water also prevents odors from seeping in.

In Arizona, many roaches live in the watered landscaped areas of plants and shrubbery. These areas are a great water source that roaches use to survive. Homeowners must take the initiative to treat their own property to help control the roach population.

If you notice roaches near a sewer manhole that is close to your property, you may report the problem to us by phone or through our website. The Sanitary District can treat for roaches near the manhole, but not on private property.
