Friday 7:00 AM-1:00 PM. Or use our drop box for your convenience.

5. Pay by Phone:

Call 24 hours a day **877-326-2261** to pay with a credit/debit card
or E-check. **Processing fees will apply.*

REMINDERS

LATE FEE

Please be advised the Sanitary
District allows a 15-day grace
period after the due date before a
\$25.00 late fee is applied to a
delinquent account. To maintain a
good payment history and avoid
the late fee, we strongly encourage
you to make your payment by the
due date.

Please review payment options on
our website.

GREAT NEWS!

No Sewer User Fee Increase

After careful review of the
operational expenses for the
fiscal year of July 1, 2025 - June
30, 2026, the Board of Directors
has determined **no sewer user
fee increase** is required to
continue to safely collect and
treat all the wastewater in
Fountain Hills.

**National Prescription Drug
Take Back Day** was April 26,
2025. The Fountain Hills
Maricopa County Sheriff's Office
(MCSO) collected 18.8 pounds of
prescription pills. Thank you,
Fountain Hills residents, for
keeping prescription pills out of
the sewer, protecting the
environment and our children.
If you missed this event, there is
a drop box located in the lobby of
MCSO in the Town Hall.

DID YOU KNOW?

On average each year about 700
million gallons of wastewater are
produced from homes and
businesses in Fountain Hills. The
District recycles every drop and
beneficially reuses it for irrigation
purposes at local parks, golf
courses and refills Fountain Lake.

Each year, approximately 1 million
pounds of sodium are added to
the wastewater from salt used in
water softeners. This sodium ends
up on parks and golf courses,
resulting in damage to the turf.

Please consider a safer alternatives:

- Switch to Potassium Chloride for an existing water softener.
- Replace an old water softener with a salt-free water treatment system.
- Use an exchange tank service.

KEEP ALL WIPES OUT OF YOUR PIPES!

Disposable wipes, including those labeled "flushable" do not dissolve in water like toilet paper. Flushing them can cause severe clogs in your home plumbing and may damage the sewer system. The FHSD recommends **ALL** wipes (baby, cleaning, facial and bathroom wipes) be disposed in the trash.
